

THE ALP GROUP

The Extensive  
**Product Range**  
of Polymer Products

# About The ALP Group

Founded  
in 1985

**TURNOVER**  
USD 200 million

11 companies  
spread across  
the globe

9 Manufacturing  
Plants across  
the world

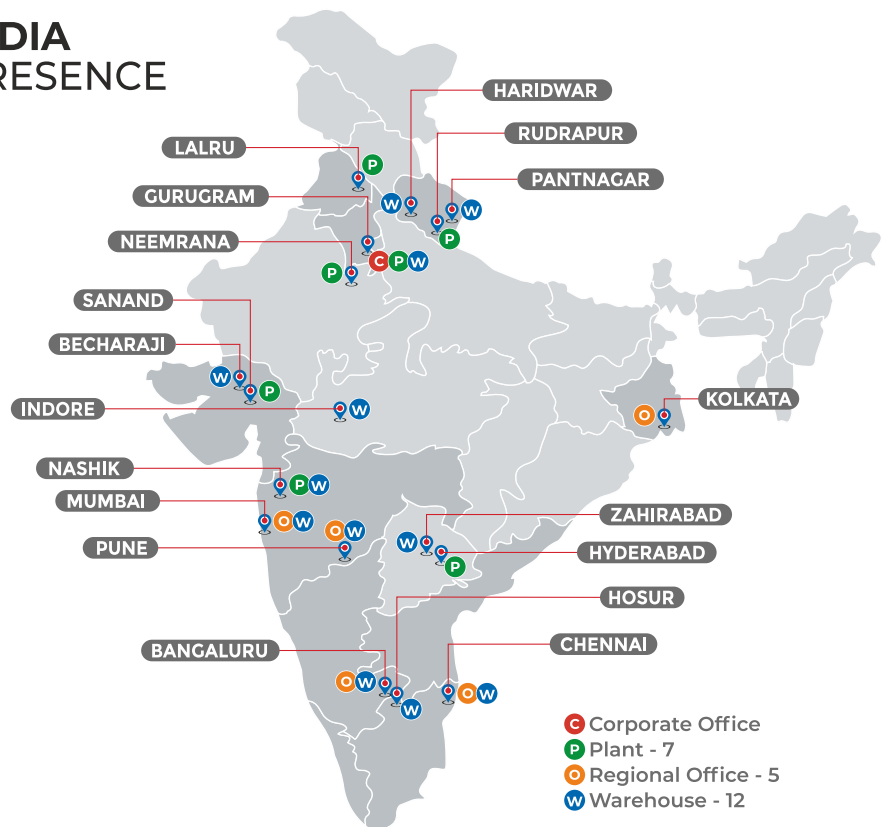

Portfolio of over 10,000  
Polymer based  
Innovative Products

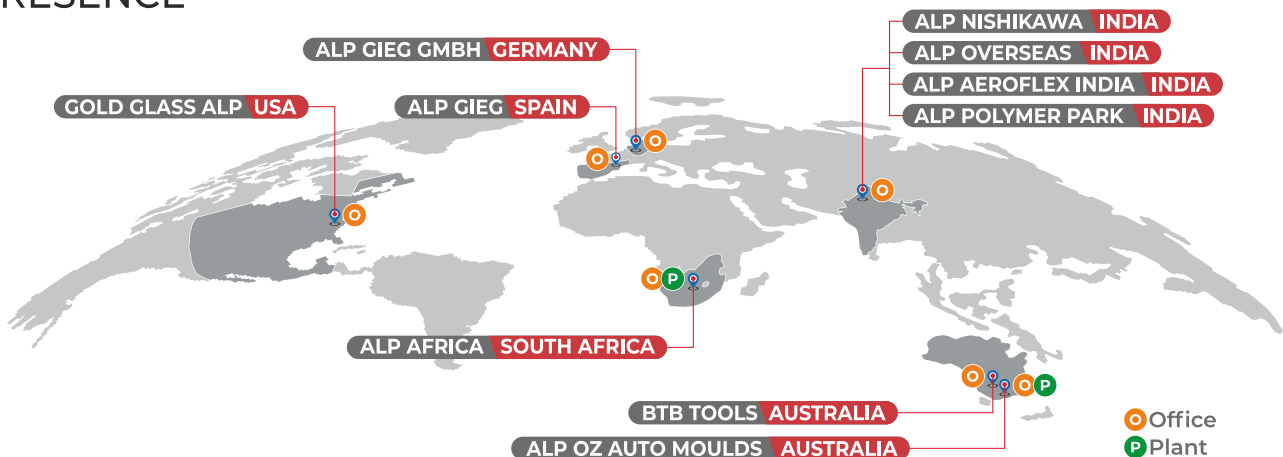

Core expertise  
R&D, Designing  
and Manufacturing

## INDIA PRESENCE

Having deep roots in the country, the company is fully in sync with the Make in India initiative. Our 7 Manufacturing plants across the country and DSIR approved R&D Centers ensure that we are fulfilling all the domestic requirements, producing import alternatives, and maximizing exports.

## Company Capabilities

**Material:** EPDM, PVC, TPE, Silicone, engineered plastic, mats (Fiber infused rubber), CRC Metal, Coated Aluminium

- Mono Extrusion and Co-Extrusion with and without metal, with or without corner/end joints, mounting clips/double adhesive tapes and flocking/ low friction coatings
- Injection Molding (ABS, PVC and PP)
- Compression Molding
- Colored Granulation
- Refrigeration Seals
- Shower Seals
- Value additions such as Slip Coat, 3D Bending, Notching, Embossing, Clipping, Taping item, and Sealant application

**Material:** EPDM, PVC, TPE, CRC Metal, Coated Aluminium

- Mono Extrusion, Co-Extrusion, Multi Compound extrusion (4 materials) with and without metal, with or without corner/end joints, mounting clips/double adhesive tapes and flocking/ low friction coatings
- Value additions such as Slip Coat, 3D Bending, Notching, Embossing, Clipping, Taping item, and Sealant application

**Material:** EPDM and NBR

- Open and closed cell Acoustics insulation for wall & Floor
- Closed Cell Thermal insulation in Class 1 & Class O
- Laminations including Release paper, ALU foil, Glass Cloth, ALU EN, uPVC, Silver Clad
- Insulation Tapes & accessories

### BLOW MOLDING

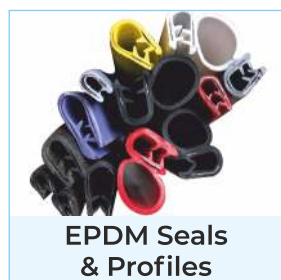

**Material:** ABS, PP, PP-Glass filled

- Blow Molded canopies, Side Steps, Vacuum formed bedliners, Hospital beds

## Catering Industries Worldwide with its Versatile Range of Products

ALP Overseas, part of the \$200 Million ALP Group, is an established manufacturer & global supplier of sealing systems. With an expertise in Polymer technology, ALP Overseas has been catering to various industries across the globe with its wide range of PVC and Rubber extrusion & Molded products. With a clear focus on Innovation & Sustainability, the group is fully aligned with environmental responsibility & Make in India.

## Varieties of Life

ALP Aeroflex India Pvt. Ltd. & Aeroklas Co. Ltd., Thailand have come together as part of a strategic alliance. Aeroklas Co. Ltd., the technical partner in the Joint venture, is a member of the Eastern Polymer Group (EPG) and has been producing plastic automotive product accessories for over 35 years. Innovation is at the core of the merger to meet the dynamic demands of the automobile industry. We pay great attention to every aspect of production that contributes to the success of each process, including production, quality, manpower and factory excellence which has enabled us to be accepted as one to the top ranking automotive accessory companies. With 2 plants in the country, the Automotive blow moulded vertical is now expanding at a great pace.
